

NEEDFINDING TEAM MEETING REPORT

Project/Group Name: Move & Learn: Motor Skills Development App

Meeting Date: 28/07/2025

Meeting #: 02

Meeting Location / Platform: Room 403

Meeting Type: ☒ Progress Update ☐ Planning ☐ Review ☐ Other: _____

Attendance

Members	Present	Absent	Guests
Setara Ahmadian	✓		
Alia Rezae	✓		
Mahboba Sakhizada	✓		
Zulaikha Mohammadi	✓		

Meeting Objectives

1. Review and consolidate individual observations and interviews regarding motor skill app usability.
2. Identify common user needs and challenges for children with cerebral palsy and their caregivers.
3. Discuss next steps for applying insights into app design recommendations.

Meeting Summary

Key Discussions

- Participants with cerebral palsy show varying motor skill challenges necessitating highly adaptable app features.
- Positive reinforcement through audio-visual feedback is critical to sustain engagement for children with motor impairments.
- Caregivers and therapists need customizable tools for monitoring progress and adjusting content difficulty.
- Importance of accessible navigation with large buttons and simple gestures to accommodate limited fine motor control.
- Social interaction and independence during therapy and recreational time impact motivation and emotional wellbeing.

Decisions Made

1. Prioritize implementing adaptive difficulty and customizable settings in the app to better serve individual user needs.

Action Items

Task	Owner	Priority	Deadline	Status	Notes
Write user personas based on observations	Setara Ahmadian	High	07/08/2025	In Progress	Use feedback from all team members
Design simple wireframes for app navigation	Alia Rezae	High	07/08/2025	Not Started	Focus on easy gestures, big buttons
Research easy-to-use VR and device options	Mahboba Sakhizada, Zulaikha Mohammadi	Medium	14/08/2025	Not Started	Find affordable, compatible devices
Prepare basic prototype focusing on key features	All Team	High	14/08/2025	Not Started	Include adaptive interaction and navigation

Next Meeting

Date: 31/07/2025

Time: 02:00 PM

Location/Platform: Room 403

Agenda Items:

1. Review and discuss the developed user persona (Akbar) and the stakeholder persona (Ms. Sara).
2. Present and refine storyboard concepts: “Catch the Balloon – Adaptive Speed,” “Catch the Balloon – Sensory Feedback,” and “Color Match Quest.”
3. Ensure that storyboards and persona insights are clearly reflected in the planned app features and user experience.

Additional Notes:

- Confirm that the personas and storyboards address real user needs and challenges identified in needfinding.
- Team members should bring any feedback or ideas about further improving the storyline and user character representation.

Prepared By: Setara Ahmadian

Approved By: Alia Rezae
